1929

Jan. 9	Receipt No. 16,		36 00
			<hr/>
			\$ 396 00

For disbursements in detail see other Town Officers' reports.

During the year you have reduced your interest bearing obligations \$7,100.00 which leaves \$64,826.06 of outstanding obligations.

You could have paid another \$1,000 00 if the appropriations for schools and roads had not been overdrawn.

No decision has been handed down by the law court in regard to taxes against the Central Maine Power Co.

The old tax deeds are quite well paid up.

The treasurer and Selectmen virtually settle every month and think it a satisfactory method of conducting the affairs of the Town.

H. L. IRISH,
Treasurer.

TOWN FARM

Inmates

Francis Knapp, 78 years; Sumner DeCoster, 77 years; Eugene Doyle, 77 years; Warren Dailey, 54

years; Mrs. Warren Dailey, 58 years; and Enos Gauthier, 55 years.

Naham Landers died Sept. 27, 1928.

Sumner DeCoster came to the farm with his household goods August 14, 1928, and deeded a small house he owned to the Town.

Eugene Doyle came to the farm Nov. 14, 1928, and Enos Gauthier came Dec. 28, of the same year.

Eleven tramps were lodged and fed at the farm during the year.

Mr. and Mrs. Percy Sawyer and his brother William Sawyer were employed to run the farm at a salary of \$700.00 per year and took possession April 13th and have done good work. Mrs. Sawyer is a neat housekeeper. The inmates have been faithfully and intelligently cared for. William Sawyer is a careful and pains-taking nurse.

Miss Erdine Besse, a State Welfare worker, inspected the buildings and the following is a partial report sent to the State for publication:

"I surely consider the inmates here very fortunate to have such a nice home. It does seem like a home rather than an institution. All the rooms are well furnished and kept neat. Mr. Sawyer's brother is a sort of nurse and takes a great deal of pains to keep all the men in good condition. I think the Superintendent and his wife are doing creditable work."

Miss Amelia Griffin and Miss Erdine Besse, welfare workers of Androscoggin County and employed by the State, have been frequent callers in town.

The farm team have had profitable work near home this winter. They have earned as much as usual and done the farm work.

F. P. RICKER,
J. E. TEAGUE,
AUGUSTA S. IRISH,

Overseers of Poor.

Mrs. Ina Gillis receives a mother's pension for herself and two sons, ten and twelve years old.

AUGUSTA S. IRISH,
Municipal Children's Guardian.

H. J. Pearson, 72 Main St., Auburn, Maine, is agent for the Society of Prevention of Cruelty to Animals. This is inserted so that people may know whom to call on when necessary.

REPORT ON PATROL MAINTENANCE BY STATE

Mileage, State Aid Road,	5.06
Mileage, State highway,	13.14
Patrolled mileage,	18.2
Expenditure,	\$ 11,486 76

The accounts of John Faulkner, Treasurer of the Turner Railroad, have been examined by the auditor and are approved.

The Selectmen have balanced accounts every month thru the year and have found the Town Treasurer's record of receipts and expenditures to be correct and the balance as reported.

JOB PRINCE.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens
of the Town of Turner:

In compliance with the State law I respectfully submit for your consideration and approval my third annual public report of the condition of your public school system.

During the past year the Bolenius system of reading has been introduced. The progress being made is in most cases very satisfactory. Of course the system is new to most of the teachers and the maximum efficiency can not be reached in one year. I trust that the following years will demonstrate a marked improvement in reading.

You will find in the town warrant this year an article to establish a standard eight grade school system having thirty-six weeks. There are 520 towns and cities in the state at the present that maintain thirty-six weeks of school or more. These towns and cities have the standard eight grades in the elementary and four grades in the secondary schools or the junior high school plan of six grades elementary, three grades junior high school and three grades senior high school.

During the past three years I find that about ten per cent of our school enrollment either move into or out of our system during the year. This ten per cent or about twenty pupils are misfits in our system and in the system to which they transfer. Our pupils going to other towns are unable to do the work of the same grade in those towns and pupils coming from other towns are more advanced than the same grade here. The result is con-

fusing and in many cases acts to the detriment of the pupils.

You will notice that our budget is made out for either an eight or a nine grade school system. The cost for either is about the same.

A chart showing the attendance in the various schools is given here. The attendance varies from week to week but this chart serves as a good average of the conditions for the year.

School	1	2	3	4	5	6	7	8	9	Total
Turner Village Gram.					12	9	12	7		40
Turner Village Prim.	13	7	6	4						30
Turner Center	4	4	1	3	9	1	4	5		31
North Turner	3	4	2	4	3	4	4	2		26
Howe's Corner	3	3	3	4	0	4	6	1	4	28
Keene's Mills	4	4	4	3	5	0	5	3		28
Lower Street	2	8	2	3	0	2	2	1		20
Upper Street	3	1	1	0	3	2				10
West Turner	1	2	0	2	1	2				8
Totals	33	33	19	22	34	24	33	19	4	221

It may be well at this time to discuss the desirable changes that may take place in the school system within a few years. There are obviously two centers of population, Turner Village and Turner Center. I think that the time is not far distant when you will see three or four teachers at Turner Village and at least two at Turner Center. Under these conditions, conveyance will start at North Turner, taking the pupils in grades seven and eight and the pupils along the route to the village school. This will give to North Turner a school of six lower grades, one teacher ought to do exceptional work with this number and the little folks will not be taken away from home until they are better able to care for themselves. The conditions at the village will be improved by a greater division of work each teacher having two grades and a good sized class in each grade.

At Turner Center with two teachers we would be able to have the pupils of Lower Street and the seventh and

eighth grades at Howe's Corner. This would give the very desirable conditions at Howe's Corner that we would have at North Turner and would make the work at Turner Center much more efficient.

At the time that these changes come about, I believe that it would be well to consider the advisability of taking the high school pupils on the conveyance. This could be easily done at a slight additional cost which could be met by the pupils.

Before the days of snow removal this plan would have been out of the question, but with North Parish and the North Turner road kept open to winter travel, the motor truck makes the time negligible.

The February 1929 issue of the American Magazine has an article entitled "When We're Thru Changing We're Thru;" I wish that everyone might read that article. I believe that our schools as well as our homes and our town should be run on business principles. This article tells what has happened in business and shows the failures as well as the successes of some of our great business institutions. When we fail to meet the demands of a growing and ever-changing civilization, whether it be the manufacturer, the farmer or the community we find ourselves in straitened circumstances.

During the past summer the school house at North Turner was remodelled inside and a new stove installed. At the present time this school house is in fairly good shape, all that is needed now is a new ceiling and new desks. We hope that our work has made it comfortable for the pupils, and we would like to have the community get together some day and have a bee to grade up in front of the door steps.

The work done by the community at Keene's Mills this summer in grading in front of that school house receives the heartfelt thanks of your committee, teacher and superintendent.

The Health Work this year consisted of a physical

examination by Dr. H. L. Irish and the regular work in the Health Crusade. Following is Dr. Irish's report:

June 5, 1928.

To I. M. Hodges, Superintendent of Schools of Turner:

I herewith submit my report of the examination of 212 scholars in the common schools of Turner. I find conditions better than at my former examination. In the whole number examined, I find 191 unvaccinated, which is too large a percentage. Conditions in the mouth are better but room for improvement exists with some follow-up work. I suggest care in the use of drinking cups so that no two scholars shall use the same cup. It appears to me that some method should be worked out to prevent what later in life will result in spinal curvature. The co-operation of parents and guardians must be secured to make this suggestion effective.

Yours truly,

H. L. IRISH, M.D.

DATA ON MEDICAL EXAMINATION

Total number of pupils examined,	212
Results of Examination: Unvaccinated,	191
Defective teeth,	129
Defective feet,	19
Tonsils,	58
Adenoids,	16
Gland disease,	2
Skin disease,	4
Defective hearing,	2

(Since the examination in June about 100 pupils have been vaccinated.)

Our music this year has been supervised by Mrs. Grant and I inclose her report:

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintending School Committee and Citizens of Turner:

At the request of your Superintendent I have the honor of submitting the following report for your consideration.

Our work has gone on in about the same manner as last year. We have endeavored to create a musical background for all the children by teaching them many rote songs. We believe with Florence Hale that it is essential to begin with the "beauty of the language itself". She says: "I am convinced that our greatest present need is to inspire all those who want to sing—to arouse their enthusiasm and to cultivate their taste by acquaintance with the masterpieces—and then show them how to find their own voices and sing, sing, sing."

We endeavor from the very first to have the child respond to rhythm by clapping to the time and by the use of folk dances. This develops his sense of rhythm which is so essential all through the grades.

In the upper grades we are taking up the various problems in their order using a song to illustrate each one. Each teacher should set aside a little time each day for drilling the child in key signatures, sight reading and interval drills. It makes a vast difference in the progress of the child in sight singing.

I wish that each school might have at least two new records and exchange with other schools through the year; so much could be accomplished in this manner. We could teach the children the fine music of the masters thereby enriching their musical experience and improving their tonal quality. If the teacher herself has limited musical training it is all the more necessary that the child hear the good records. How is one to be educated in music if not through actual contact. The radio and the talking machine help solve this problem.

Many families in Turner have radios. Let us as par-

ents and teachers find the best programs that are listed in the daily papers so that the children may have the worthwhile concerts at home evenings. Let us see to it that each child gets the message of music, that it has the chance to sing individually. See to it that the child gets "a square deal". Let us live up to the slogan of The Music Supervisors' National Conference, "Every Child for Music and Music for Every Child".

We gave our usual Children's Day program this year. The teachers were untiring in their efforts to make the work of their group as nearly perfect as possible. Much credit is due them for the fine spirit they showed and the excellent program which they presented.

In closing I wish to thank you one and all who have aided me in my work during the past year.

Respectfully submitted,

DAWN CONANT GRANT,
Supervisor of Music.

Before closing my report I wish to say a word in explanation of the overdraft in the common school account. Last year the terms in the common school were so arranged that we closed our books for the fiscal year on February 3rd. This showed on our common schools a school year of only thirty weeks. This year we closed our books with the end of the winter term, February 22nd, and this gave our school year thirty-four weeks. Had we paid for thirty-two weeks or the length of the school year we would have had a balance in this account and would not have exceeded our budget. You will find the budget for 1929-30 quite carefully worked out. Your committee recognizes the fact that more teachers are needed at Turner Center and at Turner Village but until the Town is in better financial circumstances they have hesitated to make recommendations for remodelling or for extra teachers.

In closing, I wish to thank all for the cooperation and consideration given me in the discharge of our school affairs.

Respectfully submitted,

I. M. HODGES,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF LEAVITT INSTITUTE

To the Trustees of Leavitt Institute:

Gentlemen:

The annual report of your principal is here submitted.

The total number of students registered during the past year has been ninety-four. Of this number seventy-one have been from Turner and twenty-three from other towns.

The enrollment by classes has been as follows: Seniors, sixteen, Juniors, twelve, Sophomores, twenty-three, Freshmen, twenty-six, Preparatory, fifteen, and special, two. During the past year an unusually large number—fifteen—have dropped out. Of this number six left because their parents moved to other places and the remaining nine left for reasons which seemed entirely outside of and beyond the control of the school.

There are in the dormitory at the present time thirty-four people, twenty-five of whom are students. Four other students take dinners only.

In our two special courses there are thirty-four pupils enrolled—twenty in agriculture and fourteen in domestic science.

During the year considerable interest has been shown in music which is under the direction of Mr. Lee Dixon of Lisbon, Maine. Mr. Dixon has charge of the choral singing which is held once a week; also he has recently organized a double mixed quartette. For instrumental work Mr. Dixon teaches piano, violin and drums.

During the year the Institute building has been painted and the ordinary repairs inside have been carefully

attended to. In the dormitory kitchen battleship linoleum has been laid over the cement. This makes an attractive floor and to a large extent relieves foot strain for those who work on it. The first cost was rather large, but in the end it should prove a decided economy, as neither paint nor varnish will be required during the long life of this type of linoleum.

During the summer Mr. Hilton, our agricultural teacher, accepted a very fine college teaching position at McDonald College, Quebec, Canada. We were very sorry to lose Mr. Hilton as he had proved a very able man for the position. However, we were very fortunate in securing the services of Mr. Oren Foss Fraser of West Medford, Mass. Mr. Fraser is a graduate of the University of Maine where he made an enviable record in football and track. During the fall the agricultural boys under the direction of Mr. Fraser erected a building for shop work on the back campus. This building is well constructed and the finish outside is in keeping with that of the other buildings. It should prove a great help to the agricultural classes.

Respectfully submitted,

EVERETT PHOENIX SMITH, B.S.,
Principal.

BUILDING FUND

The balance of Feb. 15, 1928 was \$218.00. This was a part of the amount given by the alumni and mentioned in former reports as held awaiting a vote by

the Alumni Association. In accordance with such a vote a parchment to commemorate the gifts to Berry Hall has been paid for and the balance (\$207.32) set aside as an ALUMNI LOAN FUND to be loaned to students as directed by the Principal and Alumni Advisory Board. The vote does not say that the money shall be used in this manner always and I shall follow instructions from the Alumni Association.

\$2,000.00 of the Tuition received from the Town was applied on Building Fund Notes leaving \$1,900.00 to pay, \$900.00 to the Lewiston Trust Co., and the \$1,000.00 which was borrowed from the Copeland Library Fund.

Androscoggin County, ss.

To Mellen Holmes, Constable in the Town of Turner, in
said County,

Greeting:

In the name of the State of Maine, you are hereby requested to notify and warn the inhabitants of said Town of Turner, qualified by law to vote in Town affairs, to assemble at the Grange Hall in said Town on the fourth day of March, A. D., 1929, at ten o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Town Clerk.

Art. 3. To hear all reports to be made at said meeting.

Art. 4. To choose one Selectman to serve a term of three years.

Art. 5. To choose one Assessor to serve a term of three years.

Art. 6. To choose one Overseer of Poor to serve a term of three years.

Art. 7. To choose a Town Treasurer.

Art. 8. To choose a Town Agent.

Art. 9. To choose a Collector of Taxes.

Art. 10. To choose a Town Auditor.

Art. 11. To choose a member of the School Board.

Art. 12. To see if the Town will vote to take advantage of the Act enacted in 1927 granting the right to the town of Turner, at its option, to choose by ballot at its annual meetings, a superintending School Committee of five members; three members thereof who shall have served continuously as members of the superintending School Committee of said town the longest terms, shall act as the committee from said town in forming the joint committee provided under Section 56 of Chapter 16 of the Revised Statutes as amended.

Art. 13. To choose two members of the superintending School Committee if the town so votes.

Art. 14. To see if the Town will vote to elect a Road Commissioner.

Art. 15. To choose a Road Commissioner, if the Town so votes.

Art. 16. To choose all other officers required by law to be chosen at the annual meeting.

Art. 17. To see what action the Town will take in regard to the overdrafts and unexpended balances.

Art. 18. To see if the Town will vote to maintain a standard thirty-six week, eight grade school year.

Art. 19. To see how much money the Town will vote to raise for the support of Common schools.

Art. 20. To see how much money the Town will vote to raise for the repair of school buildings.

Art. 21. To see how much money the Town will vote to raise for textbooks and supplies.

Art. 22. To see if the Town will vote to continue the school at West Turner.

Art. 23. To see how much money the Town will vote

to raise to pay the tuition of Turner students at Leavitt Institute for the ensuing year.

Art. 24. To see how much money the Town will vote to raise to help pay the debt incurred at Leavitt Institute in rebuilding the Dormitory.

Art. 25. To see what sum of money the Town will vote to raise to help maintain the course of Domestic Science and the course of Agriculture at Leavitt Institute for the ensuing year.

Art. 26. To see how much money the Town will grant and raise for the support of poor for the ensuing year.

Art. 27. To see what sum of money the Town will grant and raise for Memorial Day expenses.

Art. 28. To see how much money the Town will grant and raise for maintenance of highways and bridges.

Art. 29. To see if the Town will vote to have improvements made in the road beginning at State Highway F No. 107 in North Turner to extend to Seaver Hill, by graveling, and have Seaver Hill put in proper condition, or act relating thereto.

Art. 30. To see what amount of money the Town will grant and raise for the cutting and burning of bushes on the highways for the ensuing year.

Art. 31. To see what amount of money the Town will grant and raise for the maintenance of State Highways for the ensuing year.

Art. 32. To see if the Town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the Town to State Aid as provided in Section 20 of Chapter 130 of the Public Laws of 1913.

Art. 33. To see if the Town will appropriate and raise the sum of money, seven hundred and thirty-two dollars for the improvement of the section of State Aid Road as outlined in the report of the State Highway Commissioners in addition to the amount regularly raised for the care of ways, highways, and bridges; the above amount being the maximum which the Town is allowed to raise under the provisions of Section 19 of Chapter 130 of the Public Laws of 1913.

Art. 34. To see what highways the Town will vote to have State Aid Snow removal as provided in Chapter 227 of the Public Laws of 1927.

Art. 35. To see what other highways the Town will vote to have snow removal with the Town funds.

Art. 36. To see what amount of money the Town will grant and raise for snow removal on the highways, if so voted.

Art. 37. To see if the Town will grant the Selectmen authority to purchase or lease snow removal equipment if required and raise a sum of money therefor, or act relating thereto.

Art. 38. To see if the Town will raise a suitable sum of money to remodel the Town Garage in proper condition for winter repairing and storage or act relating thereto.

Art. 39. To see if the Town will vote to continue to supply hearse service and make arrangements for same or act relating thereto.

Art. 40. To see if the Town will vote to secure accident insurance for the town employees or act anything relating thereto.

Art. 41. To see what sum of money the Town will vote to grant and raise for the services of a County health

nurse working under the supervision of the Maine Public Health Association.

Art. 42. To see what sum of money the Town will vote to grant and raise to pay interest charges.

Art. 43. To see what sum of money the Town will vote to grant and raise to pay on the town debt.

Art. 44. To see what sum of money the Town will vote to raise for street lighting for the ensuing year, or act relating thereto.

Art. 45. To see what amount of money the Town will grant and raise to pay other town charges.

Art. 46. To see if the Town will vote to authorize the Selectmen to make temporary loans in anticipation of taxes.

Art. 47. To see if the Town will vote to ratify the business transactions by the municipal officers during the past year.

Art. 48. To see if the Town will vote to authorize the Selectmen to lease the Town Hall or part thereof to the Turner Natural History Club, as outlined before this meeting, or act anything relating thereto.

Art. 49. To see what sum of money the Town will vote to grant and raise to be expended and used for advertising the natural resources, advantages, and attractions of the State of Maine.

Art. 50. To transact all other business that may legally come before said meeting.

The Selectmen give notice that they will be in session for the purpose of revising and correcting the list of voters at the Grange Hall at nine o'clock in the forenoon on the day of said meeting.

Given under our hands at Turner this
day of February, A. D., 1929.

F. P. RICKER,
J. E. TEAGUE,
W. H. PURKIS,

Selectmen of Turner.
